Hi Karen,

Good morning!

You may go ahead and file it in Harley. We'll managed this on the back end 😊

Hi Ms. Tina & Ms. RJ,

Happy Monday!

In relation to this request, I understand that per RSS SOP, leave requests should be filed in advanced (up to 2 weeks before leave period). May I ask if I can already file this via Harley? Please let me know once it's good to be filed as I'm not sure if the loaned leave credits will appear in my Harley account before I could file it, or if I can just file it even if the leave credits are not yet appearing on my account.

Thank you for your kind assistance!

Kind regards,
Karen

Hi Phil,

Thanks for the update, noted on the Christmas shutdown. We were actually planning to chat with you about this in our next catch-up.

What we usually do in these cases is have the client loan the team member a few leave days to cover the shutdown. Once the employee passes probation and receives their leave credits, we can then deduct those days. If this works for you, we can go ahead and loan Karen 7 days.

Thanks & Best Regards,

Subject: Karen Leave request

Hi Ladies.

Hooe your both well

We will close for 2 weeks at Xmas in which Karen will be off as well.

As she does not get access to her leave credits can I please request she be paid for the 7 days she is on leave ?
We close for 10 days but 3 are public holiday so its just 7 days she is without pay.

Should she not meet her 6 months' probation I will cover that cost if there is any.

Thanks ladies.
