Dear Valued Clients,

Happy Monday!

Just a quick update regarding the current weather here in the Philippines. Pampanga, where our office is located, along with nearby provinces, is experiencing heavy rain and strong winds due to Typhoon Nando (international name "RAGASA"). Because of this, some of our onsite team members may face travel delays, which could occasionally affect response times as they prioritize their safety.

For our remote team, we're also keeping an eye on possible power or internet interruptions, but rest assured we are doing our best to stay connected and responsive.

Despite the weather, we remain committed to supporting your operations. Our teams are taking all necessary steps to keep things running smoothly and to minimize any potential impact.

We'll keep you posted with any important updates. In the meantime, if you need anything, please don't hesitate to reach out, we're here to help.

Thank you for your kind understanding and continued support.
